Green County Public Health Changing COVID-19 Testing Site Location

Green County – Beginning Monday, April 18th Green County Public Health is returning to the Green County Government Services Building (N3152 WI-81, Monroe, WI 53566) for COVID-19 testing. Testing will be available Monday through Friday from 8:00 a.m. to 4:00 p.m. by appointment only. Community members can schedule an appointment by calling Green County Public Health at (608) 328-9390. The last day of testing at the Bauer Education Center will be on Thursday, April 14th.

Individuals should register for their test ahead of time at <https://register.covidconnect.wi.gov/en-US/> this link is also available on our website, gcpublichealth.org. People who do not have access to internet or a computer can register on-site. Registering ahead of time makes the testing process easier for staff and community members.

Community members will need to remain in their vehicle during testing. Testing will take place under the over-hang in the front of the building, please follow the signs indicating where to go. Our staff will come outside to test community members at the time that they are scheduled for, we encourage community members not to arrive more a few minutes before their scheduled testing time.

Testing is open to anyone 12 months of age and older. People 12 months to 17 years old will need a parent or guardian with them to get tested.

Additional options for COVID-19 testing can be found on the Wisconsin Department of Health Services website, COVID-19 testing webpage: <https://www.dhs.wisconsin.gov/covid-19/community-testing.htm>

To stay up to date on all things Green County Public Health please monitor the Green County Public Health [website](#) and [Facebook page](#).
